SOME ACTIVITIES ARE DECIDED ON

Chamber of Commerce Board Pre-
pares to go After "Air Line"
Route.

TO GET IT IN THE BLUE BOOK

Band Concerts, Fall Style Show,
Road Signs and Other Things
Are to be Arranged For.

The directors of the Chamber of
Commerce of Rush county held a
meeting last night in the office of the
president, Samuel L. Trabue, and de-
termined on a number of activities
for the summer.

A special committee consisting of
five members was appointed to con-
sider plans for a combined style
show week next fall, to be given by
the merchants. The idea was sug-
gested that the people of the city and
county would be interested in seeing
the displays of all merchandise in
Rushville at one time. It is said
that the style show has been tried
elsewhere with great success. The
committee is composed of the follow-
ing: E. R. Casady, H. G. Hackman,
Hugh Mauzy, George C. Wyatt and
E. J. Knecht.

A special committee was also
named by the president, on sugges-
tion of the board to confer with the
Rushville Odd Fellows band concern-
ing summer concerts. It is likely
that concerts will be arranged for
very soon.

The avowed purpose of the meet-
ing was to consider methods to bring
the Dixie "Air Line" from Chicago
by way of Indianapolis and Cincin-
nati through here. A special good
roads committee was appointed for
this purpose, composed of the same
members as the committee which was
appointed to get the original Dixie
highway here.

The idea was advanced that the
"Air Line" route could be located
through here by co-operating with
the Lafayette Chamber of Commerce
and the Brookville Commercial club.

The latter organization has al-
ready written here urging Rushville
to help out with the movement. The
chief object of locating the "Air
Line," it is stated, is to get the route
through here from Chicago to Cin-
cinnati in the automobile guide book.
It is believed that if the proper rep-
resentations were made, it would be
possible to get the proposed "Air
Line" in the celebrated "Blue Book,"
and it would then be used in all other
automobile guide books. It is said
that no road book now routes the
celebrated "scenic route" from here
to Cincinnati by way of Brookville.

The directors voted that some way
be devised to erect sign posts giv-
ing directions and distances to and
from Rushville at the principal cross
roads in the county. John Morris
was appointed chairman of the com-
mittee, he to select two other mem-
bers, to investigate and get the prob-
able cost and report at the next
meeting of the directors. The direct-
ors felt this improvement would be a
step in the right direction.

The secretary was instructed by
the board to advise with the Lucas
Electric Device Company of Chicago,
which is seeking a new location. The
plant employs twenty people and
manufactures electrical instruments
and specialties for automobiles. In
the communication to the Chamber
of Commerce, it is stated that the
company wants to move to a small
town, where it is possible to obtain
manufacturing advantages and better
labor conditions.

A new standing committee to be
known as the convention committee
will be appointed by the president in
a few days and this committee will

ELIZABETH QUENZER DIES

Widow of Late Philip Quenzer Ex-
pires at Falmouth Home Today

Mrs. Elizabeth Quenzer, 84 years
old, widow of the late Philip Quen-
zer, died this morning at seven-
fifteen o'clock at her home in Fal-
mouth after a long illness from sen-
ility and a complication of diseases.
Mrs. Quenzer was a native of Ger-
many and came to this country at
the age of eighteen years. She had
lived in Falmouth for the past 56
years. She is survived by four
children, Mrs. Fred Blesch, of Cal-
ifornia, Lew Quenzer, of Conners-
ville, Mrs. Alfred Collier and Mrs.
Jacob Gross, of Falmouth. The fun-
eral services will be conducted Mon-
day morning at ten o'clock in the
Fairview church and burial will take
place in the cemetery there.

TWO ACCOUNT SUITS DISMISSED

Judge Sparks Finds For William
Crois Against Alvan Moor,
Foreclosing a Lien

DRAIN CASE COSTS RETAXED

Judge Sparks called the docket
this morning, but there were no
cases set for trial. The case of
Frank Robbins against C. W. Hinkle
and Co., on an account was dismis-
sed and the costs paid. The case
of Clarence Maple against Harry
Colter on an account demanding \$75
was dismissed and the costs paid.

Judge Sparks returned his finding
this morning in the case of William
Crois against Alvan Moor, finding
for Crois in the sum of \$104.12 and
the foreclosure of the lien. The or-
iginal demand was \$200.

Special Judge Wallace Morgan
sustained a motion of Emma J.
Alexander to retax the costs in the
Gardner drain case.

COST OF DESTROYING LIQUOR IS UNPAID

Commitment Papers Issued and Ed-
die Wolter Must go to Jail if
Bill is Not Settled.

WOULD MEAN FIFTEEN DAYS

Commitment papers were issued
today to the police for Eddie Wolter
unless he can arrange to pay
\$15, the costs involved on a search
warrant connected with the "blind
tiger" case of which he was con-
victed, he will go to jail for fifteen
days.

The law provides that in case of a
conviction the officers making the
search shall have so much money
and shall destroy the booze found in
the place. In Wolter's case the costs
amounted to \$15 and have never
been paid. The search warrant is a
different case entirely from the
"blind tiger" charge. Mayor Bebout
stated that he has made an effort to
get Wolter to pay, but did not seem
to make any headway, so decided to
issue the commitment papers and
place him on the defensive. Wolter
appeared before the mayor this
morning and was given until this
evening to make a settlement.

A marriage license was issued yes-
terday to William S. Stephens and
Emma Ervin.

USUAL ROUTINE HAS BEEN VARIED

Instead of Two Lectures on Sundays
at Chautauqua, There Will be
But One This Year

ENTERTAINMENT AT NIGHT

Dr. James S. Montgomery Will Open
Assembly And Gay Zenola
MacLaren Will Read

The program for the opening and
closing days of the Rush county
chautauqua are different this year
because there will be but one lecture.
Heretofore the same lecturer has
spoken twice on opening and closing
days. But this year the program
committee changed the routine and
on the two Sundays, there will be
lectures only in the afternoon, with
entertainments at night.

The committee does not believe it
could have found a much stronger
man than Dr. James S. Montgomery
who will deliver the first lecture Sun-
day afternoon, August the first. The
Hruby Bohemian Orchestra will come
the first day for a two days stay
and will furnish the preludes Sunday
afternoon and evening, and Monday
afternoon and evening. They will all
be of forty-five minutes duration in-
stead of thirty minutes heretofore.

Dr. James S. Montgomery is the
present minister of the Metropolitan
Memorial M. E. Church of Washing-
ton, D. C., the church of Grant
Logan and McKinley.

Doctor Montgomery is of Irish de-
cent. His father was a native of
County Antrim, Ireland, and his
mother was a daughter of an Eng-
lish clergyman. His strong, sturdy

DR. JAMES S. MONTGOMERY

parentage has given him a natural
endowment which is unusual. Early
in life he was thrown on his own
resources, and was compelled to con-
front the hardships which are ordi-
narily in the pathway of the self-
made. By the force of a will that
"won't down" unyielding energy that
never tires, and firm decision of
character, he became the product of
the leading educational institutions
of Methodism.

In early manhood Doctor Mont-
gomery began to enter a career
which had been the cherished hope
of his youthhood. By taste, natural
endowment and training, he loved
the stage, and here he had thought
to spend his life. However, the
angel of Providence directed and led
the way into another course. The
dramatic training which he received
has been one of the chief secrets of
his platform power.

Dr. Montgomery, though a young
man, has served some of the dis-
tinguished pulpits of Methodism. He
served a complete pastorate at St.
Paul's, Toledo, where he built the
unique and artistic \$100,000 church;
also Trinity church, Denver; Wesley

FLAG DAY WILL BE OBSERVED

D. A. R. Will Carry Out Program in
City Park Next Thursday and
Prize Essay Will be Read.

PRIZES TO AMOUNT TO \$26.00

Monday, June 14, is 138th Anniver-
sary of Adoption of Stars and
Stripes as U. S. Flag.

The D. A. R. will observe Flag Day
next Thursday in the city park. At
this time the prize essays on histori-
cal subjects will be read and the
prizes announced. The D. A. R. of-
fered \$26 in prizes among the stu-
dents of the high school and the
grades for essays on history sub-
jects assigned by the teachers. These
essays are now in the hands of
the judges and the winner will be
announced some time the first of
next week. The prize essays will be
read at the celebration in the col-
iseum.

The members of the D. A. R. are
preparing for a big time. In addi-
tion to the Flag Day exercises a
basket supper will be served in the
evening. The public is invited to the
exercises and all are urged to partici-
pate in the supper on the lawn of
the park.

Monday will be the hundred and
thirty-eighth anniversary of the
adoption of the stars and stripes as
the flag of the United States. For
eighteen years the American flag
Association, a national organization,
has been urging the universal recog-
nition of the Flag Day, and each
succeeding year the observance has
become more widespread.

On the 14th of June, 1777, Con-
gress enacted: "That the Flag of
the thirteen United States be thir-
teen stripes, alternate red and white;
that the Union be thirteen stars, white
in a blue field, representing a
new constellation." The number of
the stripes have been increased by
the admission of new States, the pos-
sibilities of the nation's future de-
velopment dawned upon our fathers,
the original thirteen stripes were un-
changeably restored by act of Con-
gress on April 4, 1818, when it was
enacted: "That from and after the
fourth day of July next, the Flag of
the United States be thirteen hori-
zontal stripes, alternate red and
white; that the Union be twenty
stars, white in a blue field, and that
on the admission of a new State into
the Union one star be added to the
Union of the Flag, and such addition
take effect on the fourth day of July
next, succeeding such admission."

Since the struggle of 1862-1865,
the Flag has become the symbol of
a mighty nation. It has been carried
to the utmost parts of the earth,
carrying liberty wherever it has been
thrown to the breeze.

BATTLE OF LEON ENDS IN A DRAW

Villa is Forced to Evacuate and Re-
tire to Libera, but Obregon is
Too Weak to Follow.

FLANKING MOVEMENT WINS

(By United Press.)
Washington, June 12.—The battle
of Leon, between the forces of Gen-
eral Villa and General Obregon, has
ended in a draw, Consul Carothers
reported to the state department to-
day.

Villa was forced to evacuate Leon,
said Carothers, and retire to Libera,
but Obregon is too weak to follow.

The Villistas were described as
having apparently been assured of
victory when a flanking movement by
the Carranzista force forced Villa's
right wing to retreat. The Villistas,
however, made important captures
from the enemy and burned an enemy
munition train.

Indications are that the struggle
was of tremendous violence and that
it was divided into two battles which
left the general situation undecided.
Both sides have claimed a victory.

ELI REDMAN IS OUSTED

Charles Pulliam Wins Contest For
Vigo County Judgeship.

(By United Press.)
Rockville, Ind., June 12.—Judge
Sunkel, in circuit court here this af-
ternoon, found for Charles Pulliam,
Republican, in his case contesting the
election of Eli Redman, convict in
Leavenworth prison, as judge of the
Vigo circuit court. Redman's attor-
neys will ask for a new trial. The
court dispatched a message to Gov-
ernor Ralston with the verdict. Pul-
liam was declared elected by a plu-
rality of 601 votes. Pulliam's attor-
neys left for Indianapolis to ask a
commission of the governor. Red-
man was convicted with Mayor Rob-
erts and other Terre Haute politi-
cians for conspiring to corrupt the
election.

WAS CALLED TO MILROY

Sheriff Cavitt was called to Mil-
roy Friday afternoon on complaint
of Mrs. Eph. Willey that her hus-
band had "beaten up" on her. Willey
evidently got word that the sheriff
was coming as he skipped out and
could not be located. The charge
against Willey was filed by her.

Vernie Dice of Franklin county
and Lillie Peak were married this
morning in the clerk's office by the
Rev. C. M. Yocum.

The members of the W. R. C. will
meet Monday afternoon at 2:30
o'clock in the court house when their
annual memorial services will be
held.

VILLA REPLIES TO PRESIDENT

Declares United States Has no Right
to Intervene in Mexico's Inter-
nal Affairs.

DENIES WILSON ALLEGATION

Also Makes Public Proposal to
Carranza That They Arrange
a Peaceful Settlement

(By United Press.)
El Paso, Texas, June 12.—General
Villa declared that the United States
government has no right to intervene
in Mexico's internal affairs and de-
nied the allegations in President Wil-
son's memorandum on Mexico that
anarchy and starvation conditions
existed in Mexico, in a statement
made today.

It was in his reply to the presi-
dent's warning, Villa blamed Carranza
for the state of affairs in Mexico.
The reply was to be presented to
the president in Washington this
afternoon by a personal representa-
tive of Villa.

Villa also made public through his
local agents a copy of the proposal
to Carranza that they arrange a
peaceful settlement of Mexico's in-
ternal difficulties. Either the reac-
tionaries will gain the upper hand, if
the Revolutionists fight between
themselves, or the United States will
intervene, Villa told Carranza.

Villa states that "false ideas of
mercenary purposes diffused by
those who sought to retain power
indefinitely without laws, without
courts and without discipline of any
kind" resulted in the split after Car-
ranza and Villa overthrew Huerta.

"Do not judge us all as selfishly
and stupidly ambitious and false to
the principles for which we took up
arms," Villa told the president. "We
are still fighting to affirm the same
principles (of the Madero revolu-
tion) and for the welfare of the
people."

The immediate cause of the break
with Carranza, Villa's reply pointed
out was the constitutional chief's
refusal to take the presidency ad in-
terim and call a general election to
organize a constitutional civil gov-
ernment.

"Carranza held out for a military
government," said Villa.

COMMENCEMENT HELD LAST NIGHT

Diplomas Awarded to Five at Closing Exercises of St. Mary's in Church Hall

SPLENDID PROGRAM GIVEN

The church hall was crowded last night for the annual commencement exercises of St. Mary's school. Diplomas were awarded to H. Dugan, M. Cooning, M. Kirk, M. Roth and D. Meyer. The program was very entertaining and pleased a large audience.

It opened with a song by the school, followed by the "Salutatory" by Donald Meyer. Then came a series of delightful numbers, including instrumental and recitations. The pantomime on "The Rock of Ages" by the senior girls was especially good and won long applause from the crowd.

RAISING POULTRY For PROFIT

By John Wildig

In last week's article I gave specifications for the building of the most modern poultry house. I will describe more fully the good to be obtained by using this type of poultry house. Those who have single comb white leghorns or black minors will never be troubled with frozen combs in winter if they build a poultry house according to my specifications given last week. We all know that when hens have frosted combs they will not lay eggs, so the idea with the low roof is to eliminate the air space above the heads of the fowls.

In caring for the two breeds above mentioned, it is a good plan to have a burlap curtain in front of the perches on extremely cold nights. Other small comb breeds are perfectly safe without a curtain. By removing your drop board and perches to the south in the summer time and removing your burlap curtain frames you have your poultry practically roosting out of doors. This makes necessary another door in the east side of the house, but it adds to the comfort of the fowls in excessively hot weather. It also helps to keep down mites as they do not like bright light and sunshine. To prevent rats from infesting

ROLL ENEMY BACK FROM LEMBURG

Russians Assert They Captured One Thousand Austro-Germans in Recent Battle

EVACUATION IS ADMITTED

Petrograd, June 12.—Under heavy pressure from the Russian left wing, General Linsingen's Austro-Germany army that attempted to move on Lemberg from the south is being rolled back all along the Dniester. An official statement today reported the capture of one thousand Austro-Germans in a battle twenty miles southeast of Stanilau.

The war office today admitted the evacuation of Stanilau by the Russians to shorten the Russian line and

your house, dig a trench one foot deep around it and nail on one-foot mesh wiring. Then fill up your trench and you have Mr. Rat eliminated.

In building your nest boxes make them fourteen inches square with hinged tops. The idea is to make the nest boxes dark and you will never be troubled with egg-eating hens. This habit once formed is very hard to break. Feather eating hens or roosters should be removed from the flock at once. This often appears in yarded flocks and insufficient animal food is the cause. Feed beef scraps and milk and this trouble will not appear.

Those who intend to keep their early hatched pullets for winter must place them in their winter laying house at once. Avoid changes after pullets commence to lay. Removing your poultry out of trees into winter quarters in the fall will cause them to molt their feathers a second time. Consequently no eggs will be laid until the following spring. Push along your early pullets. These are your money makers next winter. Do not carry a lot of late hatched chickens. They simply eat their heads off and do not mature until next spring.

concentrate for an effective defense of Lemberg.

Unofficial dispatches from Lemberg estimated the enemy's loss in dead, wounded and prisoners in Thursday's battle at Zuranzo at 40,000. Less than half the enemy's forces who crossed the river at that point escaped slaughter or capture.

AN ALLIGATOR IN FLATROCK

(By United Press.)

Earl, thirteen year old son of Mr. and Mrs. Frank Gilson, has captured an alligator in Flatrock and his home has been converted into a museum in the last few days. More than one hundred persons have called to see it. There has been considerable speculation how the alligator came to be in Flatrock. It is said that one or two escaped from the pond at the Innis & Pearce furniture factory during the 1913 flood and that they may have been living in the river ever since. The animal was found at the foot of Harrison street near the opening of the sewer. It is thought to be about a year old.

Amusements

The Mystic will show a two act society drama "Her Accusing Past" for the first picture tonight. It is said to tell a thrilling story. The other is a comedy entitled "The Fortune Tellers." On Monday night the two part drama "The Other Girl" will be shown.

The Princess will show a three reel feature "The Siren's Reign" for the program tonight. Alice Hollister Harry Millarde and Anna Nilson are featured. It is said to tell a thrilling story. On Monday night the five act feature "The Walls of Jericho" will be shown. Edmund Breese is featured and it is said to tell a thrilling story of English social life. The story revolves about a self-made millionaire who marries a lady of royal birth, whose associates in the smart set almost lead her to destruction.

The Gem offers one of those big laughs tonight in the two reel comedy "Hearts and Flames." Billy Ritchie is featured and this alone insures a funny picture. It is said to be one of the funniest pictures Ritchie has ever made. The other picture is a drama "His Last Trick." Helen Leslie is featured and it is said to be a powerful drama. Monday night "The City of Terrible Night" will be shown. King Baggot is featured.

The Barnum and Bailey Greatest Show on Earth, which comes to Indianapolis on Monday, June 14, claim to present this year "A Circus of All Nations," meaning one that is filled with all new features shown now for the first time and presented by 480 world-famed artists who represent every nation in the world. The entire world has been scoured by special Barnum and Bailey agents so that practically all the arenic stars that are really worth seeing take part.

The time-honored custom has always been to refer to each successive year's circus as "bigger and better than ever," but the phrase has become so hackneyed that, this year Barnum and Bailey hesitate to use it, despite the fact that it adequately describes the entertainment. More railroad cars are required to transport the show, bigger tents are raised, more area is needed to accommodate the show than ever before. In fact, the circus has reached a point where it is the despair of many of the smaller railroads and taxes their facilities to the limit, for eighty-five cars are needed to convey the gigantic canvas city from town to town.

There's material enough in this year's circus to make a dozen circuses of the old days. A "big top" 680 feet long, nearly 1,500 employees, three rings, four elevated platforms, acres of aerial apparatus, the biggest stage ever erected for a dramatic presentation, a 110-cage menagerie, 750 horses, forty elephants, a street parade three miles long.

Among the novelties offered this season are the "Six Riding Hannafords," "The Paldrens," balancing, pyramiding and head jumping on the tops of burning lamps. "Pallenberg's Wonder Bears," "Adgie," and her den of nine performing African lions, Barnum and Bailey statue horses, Madam Bradau's Angel Horses. Three great herds of war elephants, trained and shown by the first and only lady elephant trainers. Besides these, are 60 aerialists, 60 riders, 60 acrobats and 60 clowns.

A wonderful prelude to this great circus is the presentation of the new magnificent, spectacular pageant, "Lalla Rookh" in which more than 1000 characters take part. Everyone should get an early start on circus day in order to be there in time for the parade which starts at 10 A. M., and which is said to be three miles long.

*Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

On next Monday night the Earl Hawk Big Stock Company will open a week's engagement in Rushville giving exhibitions nightly in their big water proof tent theatre on the Base Ball Park.

The repertoire of the Hawk Company consists of the latest comedies, dramas, western thrillers and historical plays. On Monday night Mr. Hawk will produce for the first time in Rushville an entirely new society comedy, entitled "In His Power" in four acts.

Vaudeville specialties will be given between the acts, thereby doing away with the long, tiresome waits.

The tent and equipment carried by the Hawk Company is said to be the biggest and best ever seen in this section. Monday night only one lady will be admitted free with each paid 20c ticket. Doors open at 7:15; curtain at 8:15.

NEW BOARD IS MAKING PLANS

Officers Who Will Have Charge of
Compensation Law Quietly Get-
ting Ready For Rush

BULLETIN BEING ISSUED

Has Already Prepared Many Blank
Forms to be Sent Out Over
State—All Phrases Covered

(U. P. Staff Correspondent.)
Indianapolis, Ind., June 12.—The Industrial Board of Indiana which will have the administration of the new workmen's compensation law is quietly but systematically getting ready for the rush of business that will come beginning September 1 when the new law goes into effect.

The board's ambition is to have its machinery so well oiled that when the tremendous influx of business begins, coming from every city in the state, it will handle the affairs of the new department without delay and confusion and without undue haste.

To this end the board members and their secretary Howe S. Landers, have tried to foresee each contingency. To gain an idea of the manifold duties of an office that will affect every employer and employee in the state, they have visited and studied the routine of the industrial boards of Illinois, Michigan and Wisconsin.

The office of the Industrial Board has been prepared for its duties much as a team is coached for a contest.

One of the chief occupations has been the preparation of a bulletin which is now in the hands of the state printer and which will be ready for the public in a few weeks. It will be Bulletin No. 1, "and we hope that it will be so comprehensive and so clear that another bulletin from this board will not be necessary for a year," said Mr. Landers. This bulletin will take up in detail the new law and will explain it as it applies to various classes of labor and employers.

Landers urged today that employers be asked to read the new law. He said it would mean money to them.

Another item that has proved a big task for the board has been the preparation of many blank forms to be mailed on request to laborers and employers. Among these blanks which are still with the printer, are forty which, it is believed, will take care of every form of difficulty that will confront the employees of Indiana under the law.

In other words, the board is seeking to make it possible for an employee to take advantage of the law without employing an attorney. Here is the procedure which an employee should go through in case he is injured while at work: He should write the board explaining his case; he should at once notify his employer of the accident. The proper blank form will be sent to him to be filled out. If he and his employer cannot between themselves come to an agreement as to compensation the matter will go before the board.

The board has made plans to take care of the needs of the employer. Similar blanks have been prepared for him, and all he needs to do is state his case and ask for the proper blank. Also, in case he desires to file an answer to the complaint of the labor, the proper blank will be supplied him.

Employers and employees who do not desire to come under the act must so notify the board. Unless such notification is received thirty days prior to the accident, the law states that it is ineffective and the law applies. In case the accident occurs less than thirty days after the law goes into effect, such a notification received by the board on or before the law goes into effect will be effective.

However, the board does not anticipate that many employees or employers will take advantage of this opportunity to escape the law. For one reason, to escape the law in this manner removes from the employer three common law protections

that have operated. They are contributory negligence, neglect of a fellow servant and assumption of risk. The employer cannot plead these if he escapes the new law.

As Charles R. Hughes of the board expressed it, "Society has begun to realize that it must repair the man it has maimed just as the factory owner realizes he must repair the damaged piece of machinery." That, he explained, is the art of the new compensation law. It means the repair of men who have suffered in the line of service.

The members of the new Industrial Board are Edgar A. Perkins, chairman, of Indianapolis; Charles R. Hughes of Peru and Judge Samuel R. Artman of Lebanon. They are appointed for one, four and three years respectively.

The office of the board are on the first floor of the Statehouse, rooms 32, 33 and 34. The rooms are large and bright, but there are no consultation rooms for the board. The board has employed beside Secretary Landers seven clerks, which it believes will be ample to take care of the business.

USUAL ROUTINE HAS BEEN VARIED

Continued from Page 1.

Church Minneapolis, and the Fowler M. E. Church of Minneapolis. He has traveled extensively, having made 3 tours of Europe. These tours gave him a fund of knowledge beyond the library. He appreciates most thoroughly and enjoys hugely the traditional, artistic, and historic enshrined in European temple, song and story. His countless observations in travel have given additional value and interest to his lectures. They enforce his delightful epigrams with figure, imagery and illustration. His audiences always feel "A presence, a sense sublime of something."

Dr. Montgomery has been on the lecture-platform for a dozen years, both east and west, and no more successful, forceful and eloquent lecturer is before the American Public today.

Sunday night the program will be given, following a prelude, by Gay Zenola MacLaren. She is heralded as a genius in imitative recitals of famous plays. She attends only the production of a modern play five times, and then, without ever having read the original book or dramatization, or, in fact, any of the lines in any way, can go upon the Lyceum or Chautauqua platform and give an imitative recital of the entire production, impersonating every character. This, at once, places Miss MacLaren as an entertainer in a class entirely by herself. It is needless to try to compare her type of work to that of any other.

In preparing for her recitals she attends only great productions, sees the interpretation only by the best actors, and in the leading playhouses of her home city, New York.

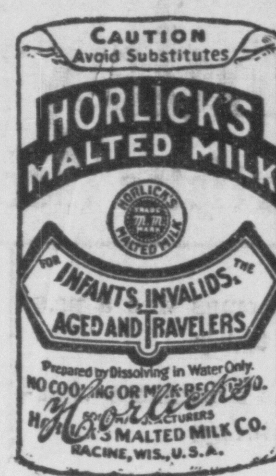

Miss MacLaren frankly admits that her power is not the result of years of study and work, although it has taken close application and to develop and perfect it, but of a naturalborn gift for mimicry. She does not claim to originate the many characters she assumes, but to give a faithful reproduction of them, as portrayed by the great artists and their supporting companies in the original productions.

In order to do this work, one gift is absolutely necessary, without which years of study and training and even natural dramatic talent would be useless. That is, the power to change the voice to such an extent that the audience is able to distinguish between the characters the moment they are supposed to enter. Of Miss MacLaren's ability in this particular, the Brooklyn Daily Eagle has to say: "She has an almost ventriloquistic power of changing her voice to portray a seemingly unlimited number of characters, and it is due to this rare and remarkable gift that she is able to present entire plays successfully."

Foreign Competition

It has never been refuted that low duties give foreign producers the advantage in our domestic markets, because of cheapened labor. But the effect of Democratic free trade policy is rapidly developing a condition more to be feared.

The commerce reports, and information from other sources go to show that many Americans are finding it profitable to invest capital in foreign countries with a view to marketing their product in the United States. The erection of dried egg plants in China is an example. The establishment of purchasing and shipping agencies in Canada for cattle is another. Agricultural implements, placed on the free list by the Democrats, in an attempt to fool the farmer, are being manufactured in Canada with American capital and sent across the border. The farmer is not getting his farm machinery any cheaper. The American meat packers operating in Argentina are finding good pickings in our market, now that meat is on the free list. Many other instances are at hand.

So we learn that free trade not only develops foreign competition but

it beckons American capital to foreign climes which, under a protective tariff would find ready investment at home and give employment to American labor, which, in turn, would enhance the power of the American working-man to purchase the products of the farmer.

The Will Power

If any foreign country entertains a notion that this country is to be frightened from the pursuit of a course which it deems to be right and just, then that country is likely to receive a sudden shock and violent jolt.

The head in the white house contains too many brains for the United States to submit forever to being hectorated and pestered and bullied by any nation on earth.

And the American people are solidly behind the president in his stand for national honor and rights upon the high seas.

We are not looking for trouble, we do not intend to seek it, and we will do our best to honorably avoid it, but if it is to be forced upon us then the aggressor will find that the lack of an army and proper equipment will not deter the American people for one moment.

No obstacle has ever yet been too great in the past for the American people to overcome, or surmount, and if it comes this will be no exception to the rule.

The American people have the will to do, and they will do.

The foe who attacks us will see our faces, and not our backs.

Medill McCormick, fountain head of the Progressive party in Illinois, the other day in Springfield sounded the death knell of the party in that state. He declared that industrial depression has proved the last straw in breaking down the third party movement. The trouble is Medill is a little late in finding this out.

Using the good people as their authority, many persons are predicting that the war is the beginning of the end. That's nothing to get excited about. Since we were not here at the beginning, we might at least find a unique experience in sliding off at the end.

Those estimable women who journeyed to Europe for the professed purpose of ending the war evidently failed to connect with the end.

We are promised another bumper crop for 1915. It suits us all right providing we can shave off all the bumps and make it all crop.

There are forty-eight stars in the American flag and every one of them stands for right, justice and humanity.

Italy is finding the water fine—or is it the blood!

SERVICE

Of the three essentials—strength, organization and service—afforded to clients of this Bank, SERVICE is not the least important.

The Bank's entire organization is permeated with the spirit of service. It is not enough to accept and safeguard the banking and trust business of clients; every effort is put forth to be of additional active service, within the Bank's proper sphere.

For example, the Bank, if appointed custodian of securities, will as agent sign ownership certificates required by the Federal Income Tax Law, collect dividends and coupons promptly as they mature, and either credit or remit the proceeds to the client; and will promptly notify him should any "rights" or other subscription privileges attach to the securities held.

Another example, clients are welcome to the Bank's facilities for investment and for investigating and analyzing the value of securities.

Many other examples of special service to clients might be mentioned, all of which would help to explain the rapid and substantial growth of this Bank's business.

EVERYTHING IS READY FOR OPENER

State League Will Get Under Way

Here Tomorrow With Rushers

Taking on Cincinnati.

SANDMAN WILL PLAY FIRST

As an added attraction at the ball game tomorrow the band with the Earl Hawk Stock company, which will show here next week, will give a concert. The stock company will also give every woman attending the game a free ticket for the opening night.

The Indiana State league will be opened here tomorrow and from all indications a large crowd will witness the first game. The attraction is the Perkins-Campbell team of Cincinnati, which team fought and won over Richmond in twelve innings last Sunday. Manager Davidson is especially anxious to cop this game and retain the lead in the league race. The game will no doubt be a pitcher's battle between Earl Hewitt for the Rushers and Werner for Cincinnati. There will be but one change in the Rushville lineup. Sandman will again be at his old position, first base. The game will be called at 2:45 o'clock.

People Bombarded Board of Review
to Find Why Assessments on
Some Property Were \$900

REFERRED TO THE LOTS ONLY

The board of review has been bothered for the past few days by people living in Main street who do not seem to understand the assessments. Mention was made that the Joseph Cowing and O. L. Dale property was advanced to \$900 and the B. W. Riley property lowered to \$850 from \$1,000. These figures apply only to the lots and do not take into consideration the improvements and are not the total assessments against the property.

Several appeared before the board and asked why their assessments were so high compared with that of property mentioned. It was explained to them that the equalizing done by the board and the figures given applied only to the lots. The board has completed the work on Main street and is now taking up other streets in the city.

THREE TRUSTEES WILL BE ELECTED

Balloting For Alumni Members of
Board Ended Today—Were
Eleven Candidates.

IS NEW THING FOR EARLHAM

(By United Press.)
Richmond, Ind., June 12.—Balloting for the three new alumni members of the Board of Trustees of Earlham college closed today. The votes are being cast among eleven candidates. The three highest will become members of the board. The results will be announced at the business session of the alumni association next Tuesday. The action of the Western Yearly Meeting of Friends, last fall made it possible to add three new alumni members to the board. Special significance is attached to the presence of the alumni on the board due to the controversy between Prof. Elbert Russell and president R. L. Kelly, which has not yet closed.

PAROLE LAWS PLAY BIG PART

Have Demonstrated Their Value in
Correctional System of State
According to Report

STATISTICS FOR 18 YEARS

Majority of Prisoners Obtain Regular
Employment Following
Their Release

(By United Press.)

Indianapolis, Ind., June 12.—"Year by year the indeterminate sentence and parole laws are demonstrating their value as a part of the state correctional system. The laws were passed by the legislature of 1897 and statistics for 18 years are now available," states a bulletin of the state board of charities, made public today. It continued:

"Only such prisoners as are deemed capable of becoming law-abiding citizens and who have served their minimum sentence are released from prison under the parole law. Even then the release is conditional and for as long afterward as is thought advisable, within the limits of the maximum sentence, they are kept under supervision. Usually one does not receive final discharge until he has a satisfactory record of at least one year of freedom. The law therefore, provides the state with a practical means of testing one's profession of reform before actually releasing him from custody.

"In the 18 years that these laws have been in operation, men and women have been released under their provisions, an average of about 500 annually. The reformatory has paroled 5,365 prisoners, the state prison, 3,414, and the Women's Prison's 255. Only 26 per cent of the whole number violated their paroles.

"Most of these paroled prisoners were unemployed men when their offenses were committed. As a rule, they were not regular wage earners. In prison they are taught habits of industry and they are not paroled till work was found for them outside. The reports advocate that during the time they were on parole they earned for themselves the sum of \$2,530, 199.40, to which should be added board and lodging received by many. After paying all their expenses they had on hand or due them at the time they ceased reporting an average of \$50.30 each. Instead, therefore, of being a charge on the public they were earning their own living and saving money.

"Of the 9,034 paroled, 5,422 served their parole satisfactorily and were given final discharge; 459 were discharged because their sentences expired while they were on parole; 154 died and 618 were under supervision at the time of the report. This leaves 2,381 delinquents constituting 26 per cent. The percentage of unsatisfactory cases was 25.7 at the Reformatory, 27.2 at the State Prison and 28.6 at the Women's Prison."

General Assembly of Presbyterian
Church Reversed The Indiana
Synod—Now in New York

(By United Press.)

Bloomington, Ind., June 12.—That opinion is divided in Presbyterian circles in the Indiana Presbytery as to the action that will be taken in the case of Rev. John R. Ellis, deposed pastor of the First Presbyterian church of this city was the statement made by prominent churchmen here today.

The Ellis case which has been one of the most sensational church cases in the state was brought up again a few weeks ago when the deposed minister received a verdict in his favor. He had carried his case before the general assembly, the highest Presbyterian body in the United States.

Ellis was asked to resign from the local church about two years ago because it was charged he had had relations with immoral women. Soon after the Indiana Presbytery, sitting as a court, banished Ellis from the church. The Synod of Indiana later upheld the Presbytery.

The General Assembly at its meeting two weeks ago reversed the case on a technicality. The climax in the case then came last week when the Monroe county grand jury returned an indictment of association against the minister.

It is expected that Ellis will apply for reinstatement at a meeting of the Presbytery next week. He is now serving as pastor of a Congregational church at Geneva, N. Y.

be instructed, according to the vote of the directors to consider the Indiana University extension department's plan of holding a community development course here during the coming winter. A representative will be here shortly and it is hoped to get the committee in touch with the idea. The course was held in several Indiana cities last winter with great success.

The president appointed a special committee to co-operate with the florists on decorating the streets and sidewalks with flowers. The most recent example of town beautifying by placing flowers along the sidewalk both in the residence and business sections is to be found in Milroy, where it has made a wonderful improvement. Other cities have been following such a plan for several years. Persons who have been in Milroy are imbued with the idea and believe it should be used here. The committee is composed of J. A. Tisworth, T. W. Betker, R. C. Hargrove and Link Guffin.

The motion was unanimously passed that the directors should hold monthly meetings every second Friday. Arrangements will be completed shortly for the collection of dues at the new rate, twenty-five cents a month.

WORD FROM GERARD IS EXPECTED SOON

Believed in Washington Berlin Ambassador Will Tell How Wilson Note Was Received.

SENTIMENT MORE FRIENDLY

Washington, June 12.—Word was expected from Ambassador Gerard at Berlin tonight or Sunday telling of the manner in which the German officials have accepted the tone of the American note. Up to this afternoon no formal report had been received. Officials were very hopeful, however.

They have intimations that German sentiment is more friendly. They interpret the changed tone of the German press as indicating that the government now is anxious to spread a desire for pacific measures.

President Wilson, wearied with the efforts of the week, spent all of today resting. This morning he visited the golf course.

SECOND NOTE IN HANDS OF KAISER

Complete Text Clears Wires From Berlin and is Rushed to Headquarters in Galicia.

NO COMMENT MADE AT BERLIN

(By United Press.)
Berlin, (Via The Hague), June 12. The second American note was in the hands of the kaiser today. The complete text cleared the wires from Berlin last night and was rushed to the emperor's headquarters at the Galicia battle front, being given precedence over all other dispatches at the personal request of the emperor.

No official comment on the note accompanied the text sent the emperor. It is understood that the foreign office desires that the kaiser first study the full text and then communicate his own impressions to Berlin before the diplomats here suggest tentative outlines for the German reply.

The friendly wording of the second note removed apprehensions that existed to some extent among Americans here.

DECLARE NOTE IS NOT AN ULTIMATUM

Berlin Newspapers Say it Does Not Exclude the Possibility of an Agreement.

FULL TEXT NOT PUBLISHED

By CARL W. ACKERMAN.
(Special to the Daily Republican.)

Berlin, June 12.—Berlin morning papers today informed their readers that the second American note is not an ultimatum and that it does not exclude a possibility of an agreement being reached.

They did not publish the text of the note which it was understood would be made public in afternoon papers today. Their comments were based on unofficial reports. One paper said an answer probably would not be dispatched to Washington within a fortnight to enable the special envoy of Ambassador Bernstorff to report to the government and the kaiser.

The funeral will be held at the residence Monday afternoon at two o'clock, with Mahoning council No. 36 D. of P. in charge. The Rev. C. M. Yocum will be the minister. Mrs. Wagner was the only near relative living.

ARRESTED FOR ARSON.

(By United Press.)

Noblesville, Ind., June 12.—Ralph M. Crum, Cicero merchant, was arrested today on a grand jury indictment, charging arson.

According to word received here Mrs. Clifford S. Lee, whose infant daughter died in Indianapolis this week and was buried here, and who was in a critical condition, will likely recover although she is not yet out of danger of complications.

SOME ACTIVITIES ARE DECIDED ON

Chamber of Commerce Board Pre-
pares to go After "Air Line"
Route.

TO GET IT IN THE BLUE BOOK

Band Concerts, Fall Style Show,
Road Signs and Other Things
Are to be Arranged For.

The directors of the Chamber of
Commerce of Rush county held a
meeting last night in the office of the
president, Samuel L. Trabue, and de-
termined on a number of activities for
the summer.

A special committee consisting of
five members was appointed to con-
sider plans for a combined style
show week next fall, to be given by
the merchants. The idea was sug-
gested that the people of the city and
county would be interested in seeing
the displays of all merchandise in
Rushville at one time. It is said
that the style show has been tried
elsewhere with great success. The
committee is composed of the follow-
ing: E. R. Casady, H. G. Hackman,
Hugh Manzy, George C. Wyatt and
E. J. Knecht.

A special committee was also
named by the president, on sugges-
tion of the board, to confer with the
Rushville Odd Fellows band concern-
ing summer concerts. It is likely
that concerts will be arranged for
very soon.

The avowed purpose of the meet-
ing was to consider methods to bring
the Dixie "Air Line" from Chicago
by way of Indianapolis and Cincin-
nati through here. A special good
roads committee was appointed for
this purpose, composed of the same
members as the committee which was
appointed to get the original Dixie
highway here.

The idea was advanced that the
"Air Line" route could be located
through here by co-operating with
the Lafayette Chamber of Commerce
and the Brookville Commercial club.

The latter organization has al-
ready written here urging Rushville
to help out with the movement. The
chief object of locating the "Air
Line," it is stated, is to get the route
through here from Chicago to Cin-
cinnati in the automobile guide book.
It is believed that if the proper rep-
resentations were made, it would be
possible to get the proposed "Air
Line" in the celebrated "Blue Book,"
and it would then be used in all other
automobile guide books. It is said
that no road book now routes the
celebrated "scenic route" from here
to Cincinnati by way of Brookville.

The directors voted that some way
be devised to erect sign posts giv-
ing directions and distances to and
from Rushville at the principal cross
roads in the county. John Morris
was appointed chairman of the com-
mittee, he to select two other mem-
bers, to investigate and get the prob-
able cost and report at the next
meeting of the directors. The direc-
tors felt this improvement would be a
step in the right direction.

The secretary was instructed by
the board to advise with the Lucas
Electric Device Company of Chicago,
which is seeking a new location. The
plant employs twenty people and
manufactures electrical instruments
and specialties for automobiles. In
the communication to the Chamber
of Commerce, it is stated that the
company wants to move to a small
town, where it is possible to obtain
manufacturing advantages and better
labor conditions.

A new standing committee to be
known as the convention committee
will be appointed by the president in
a few days and this committee will

DRAIN CASE COSTS RETAXED

Judge Sparks called the docket
this morning, but there were no
cases set for trial. The case of
Frank Robbins against C. W. Hinkle
and Co., on an account was dismiss-
ed and the costs paid. The case
of Clarence Maple against Harry
Colter on an account demanding \$75
was dismissed and the costs paid.

Judge Sparks returned his finding
this morning in the case of William
Crois against Alvan Moor, finding
for Crois in the sum of \$104.12 and
the foreclosure of the lien. The or-
iginal demand was \$200.

Special Judge Wallace Morgan
sustained a motion of Emma J.

Commitment Papers Issued and Ed-

Bill is Not Settled.

WOULD MEAN FIFTEEN DAYS

Commitment papers were issued
today to the police for Eddie Wolter
and unless he can arrange to pay
\$15, the costs involved on a search
warrant connected with the "blind
tiger" case of which he was con-
victed, he will go to jail for fifteen
days.

The law provides that in case of a
conviction the officers making the
search shall have so much money
and shall destroy the booze found in
the place. In Wolter's case the costs
amounted to \$15 and have never
been paid. The search warrant is a
different case entirely from the
"blind tiger" charge. Mayor Bebout
stated that he has made an effort to
get Wolter to pay, but did not seem
to make any headway, so decided to
issue the commitment papers and
place him on the defensive. Wolter
appeared before the mayor this
morning and was given until this
evening to make a settlement.

A marriage license was issued yes-
terday to William S. Stephens and
Emma Ervin.

USUAL ROUTINE HAS BEEN VARIED

Instead of Two Lectures on Sundays
at Chautauqua, There Will be
But One This Year

ENTERTAINMENT AT NIGHT

Dr. James S. Montgomery Will Open
Assembly. And Gay Zenola
MacLaren Will Read

The program for the opening and
closing days of the Rush county
chautauqua are different this year
because there will be but one lecture.
Heretofore the same lecturer has
spoken twice on opening and closing
days. But this year the program
committee changed the routine and
on the two Sundays, there will be
lectures only in the afternoon, with
entertainments at night.

The committee does not believe it
could have found a much stronger
man than Dr. James S. Montgomery
who will deliver the first lecture Sun-
day afternoon, August the first. The
Irish Bohemian Orchestra will come
the first day for a two days stay
and will furnish the preludes Sunday
afternoon and evening, and Monday
afternoon and evening. They will all
be of forty-five minutes duration in-
stead of thirty minutes heretofore.

Dr. James S. Montgomery is the
present minister of the Metropolitan
Memorial M. E. Church of Washing-
ton, D. C., the church of Grant
Logan and McKinley.

Doctor Montgomery is of Irish de-
cent. His father was a native of
County Antrim, Ireland, and his
mother was a daughter of an Eng-
lish clergyman. His strong, sturdy

DR. JAMES S. MONTGOMERY

parentage has given him a natural
endowment which is unusual. Early
in life he was thrown on his own
resources, and was compelled to con-
front the hardships which are ordi-
narily in the pathway of the self-
made. By the force of a will that
"won't tire" unyielding energy that
never tenses, and firm decision of
character, he became the product of
the leading educational institutions
of Methodism.

In early manhood Doctor Mont-
gomery began to enter a career
which had been the cherished hope
of his youthhood. By taste, natural
endowment and training, he loved
the stage, and here he had thought
to spend his life. However, the
angel of Providence directed and led
the way into another course. The
dramatic training which he received
has been one of the chief secrets of
his platform power.

Dr. Montgomery, though a young
man, has served some of the dis-
tinguished pulpits of Methodism. He
served a complete pastorate at St.
Paul's, Toledo, where he built the un-
ique and artistic \$100,000 church;
also Trinity church, Denver; Wesley

FLAG DAY WILL BE OBSERVED

D. A. R. Will Carry Out Program in
City Park Next Thursday and
Prize Essay Will be Read.

PRIZES TO AMOUNT TO \$26.00

Monday, June 14, is 138th Anniver-
sary of Adoption of Stars and
Stripes as U. S. Flag.

The D. A. R. will observe Flag Day
next Thursday in the city park. At
this time the prize essays on histori-
cal subjects will be read and the
prizes announced. The D. A. R. of-
fered \$26 in prizes among the stu-
dents of the high school and the
grades for essays on history sub-
jects assigned by the teachers. These
essays are now in the hands of
the judges and the winner will be
announced some time the first of
next week. The prize essays will be
read at the celebration in the col-
iseum.

The members of the D. A. R. are
preparing for a big time. In addi-
tion to the Flag Day exercises a
basket supper will be served in the
evening. The public is invited to the
exercises and all are urged to par-
ticipate in the supper on the lawn of
the park.

Monday will be the hundred and
thirty-eighth anniversary of the
adoption of the stars and stripes as
the flag of the United States. For
eighteen years the American flag
Association, a national organization,
has been urging the universal recog-
nition of the Flag Day, and each
succeeding year the observance has
become more widespread.

On the 14th of June, 1777, Con-
gress enacted: "That the Flag of
the thirteen United States be thir-
teen stripes, alternate red and white;
that the Union be thirteen stars,
white in a blue field, representing a
new constellation." The number of
the stripes have been increased by
the admission of new States, the pos-
sibilities of the nation's future de-
velopment dawned upon our fathers,
the original thirteen stripes were un-
changeably restored by act of Con-
gress on April 4, 1818, when it was
enacted: "That from and after the
fourth day of July next, the Flag of
the United States be thirteen hori-
zontal stripes, alternate red and
white; that the Union be twenty
stars, white in a blue field, and that
on the admission of a new State into
the Union one star be added to the
Union of the Flag, and such addition
take effect on the fourth day of July
next, succeeding such admission."

Since the struggle of 1862-1865,
the Flag has become the symbol of
a mighty nation. It has been carried
to the utmost parts of the earth,
carrying liberty wherever it has been
thrown to the breeze.

died at noon today at the home of
her sister, Mrs. Daniel Rea, in Fal-
mouth. Mrs. McCrory had been ill
for a long time suffering from cancer
of the stomach and death was ex-
pected. She is survived by two sis-
ters, Mrs. Rea and Mrs. Elizabeth
Morris and two brothers, William
Elliott and John Elliott. The fun-
eral arrangements have not been com-
pleted.

BIDS FOR RECOGNITION

Carranza Today Answers Wilson's
Mexican Declaration

(By United Press.)

Washington, June 12.—General
Carranza's reply to President Wil-
son's Mexican declaration reached the
state department today. It makes a
bid for recognition by the United
States, asserts that the Con-
stitutionalists practically control
Mexico and contains assurance that
Carranza will call a regular election
and turn over his authority to the
president chosen.

BATTLE OF LEON ENDS IN A DRAW

Villa is Forced to Evacuate and Re-
tire to Libera, but Obregon is
Too Weak to Follow.

FLANKING MOVEMENT WINS

(By United Press.)

Washington, June 12.—The battle
of Leon, between the forces of Gen-
eral Villa and General Obregon, has
ended in a draw, Consul Carothers
reported to the state department to-
day.

Villa was forced to evacuate Leon,
said Carothers, and retire to Libera,
but Obregon is too weak to follow.

The Villistas were described as
having apparently been assured of
victory when a flanking movement by
the Carranzista force forced Villa's
right wing to retreat. The Villistas,
however, made important captures
from the enemy and burned an enemy
munition train.

Indications are that the struggle
was of tremendous violence and that
it was divided into two battles which
left the general situation undecided.
Both sides have claimed a victory.

ELI REDMAN IS OUSTED

Charles Pulliam Wins Contest For
Vigo County Judgeship.

(By United Press.)

Rockville, Ind., June 12.—Judge
Sunkel, in circuit court here this af-
ternoon, found for Charles Pulliam,
Republican, in his case contesting the
election of Eli Redman, convict in
Leavenworth prison, as judge of the
Vigo circuit court. Redman's attor-
neys will ask for a new trial. The
court dispatched a message to Gov-
ernor Ralston with the verdict. Pul-
liam was declared elected by a plu-
rality of 601 votes. Pulliam's attor-
neys left for Indianapolis to ask a
commission of the governor. Red-
man was convicted with Mayor Rob-
erts and other Terre Haute politi-
cians for conspiring to corrupt the
election.

WAS CALLED TO MILROY

Sheriff Cavitt was called to Mil-
roy Friday afternoon on complaint
of Mrs. Eph. Willey that her hus-
band had "beaten up" on her. Willey
evidently got word that the sheriff
was coming as he skipped out and
could not be located. The charge
against Willey was filed by her.

Vernie Dice of Franklin county
and Lillie Peak were married this
morning in the clerk's office by the
Rev. C. M. Yocum.

The members of the W. R. C. will
meet Monday afternoon at 2:30
o'clock in the court house when their
annual memorial services will be
held.

VILLA REPLIES TO PRESIDENT

Declares United States Has no Right
to Intervene in Mexico's Inter-
nal Affairs.

DENIES WILSON ALLEGATION

Also Makes Public Proposal to
Carranza That They Arrange
a Peaceful Settlement

(By United Press.)

El Paso, Texas, June 12.—General
Villa declared that the United States
government has no right to intervene
in Mexico's internal affairs and de-
nied the allegations in President Wil-
son's memorandum on Mexico that
anarchy and starvation conditions
existed in Mexico, in a statement
made today.

It was in his reply to the presi-
dent's warning, Villa blamed Carranza
for the state of affairs in Mexico.
The reply was to be presented to
the president in Washington this
afternoon by a personal representa-
tive of Villa.

Villa also made public through his
local agents a copy of the proposal
to Carranza that they arrange a
peaceful settlement of Mexico's in-
ternal difficulties. Either the reac-
tionaries will gain the upper hand, if
the Revolutionists fight between
themselves, or the United States will
intervene, Villa told Carranza.

Villa states that "false ideas of
mercenary purposes diffused by
those who sought to retain power
indefinitely without laws, without
courts and without discipline of any
kind" resulted in the split after Car-
ranza and Villa overthrew Huerta.

"Do not judge us all as selfishly
and stupidly ambitious and false to
the principles for which we took up
arms," Villa told the president. "We
are still fighting to affirm the same
principles (of the Madero revolution)
and for the welfare of the
people."

The immediate cause of the break
with Carranza, Villa's reply pointed
out was the constitutional chief's
refusal to take the presidency ad in-
terim and call a general election to
organize a constitutional civil gov-
ernment.

"Carranza held out for a military
government," said Villa.

COMMENCEMENT HELD LAST NIGHT

Diplomas Awarded to Five at Closing Exercises of St. Mary's in Church Hall

SPLENDID PROGRAM GIVEN

The church hall was crowded last night for the annual commencement exercises of St. Mary's school. Diplomas were awarded to H. Dugan, M. Cooning, M. Kirk, M. Roth and D. Meyer. The program was very entertaining and pleased a large audience.

It opened with a song by the school, followed by the "Salutatory" by Donald Meyer. Then came a series of delightful numbers, including instrumental and recitations. The pantomime on "The Rock of Ages" by the senior girls was especially good and won long applause from the crowd.

Russians Assert They Captured One Thousand Austro-Germans in Recent Battle

EVACUATION IS ADMITTED

(By United Press.) Petrograd, June 12.—Under heavy pressure from the Russian left wing, General Linsingen's Austro-Germany army that attempted to move on Lemberg from the south is being rolled back all along the Dniester. An official statement today reported the capture of one thousand Austro-Germans in a battle twenty miles southeast of Stanilau.

The war office today admitted the evacuation of Stanilau by the Russians to shorten the Russian line and

RAISING POULTRY For PROFIT

By John Wildig

In last week's article I gave specifications for the building of the most modern poultry house. I will describe more fully the good to be obtained by using this type of poultry house. Those who have single comb white leghorns or black minors will never be troubled with frozen combs in winter if they build a poultry house according to my specifications given last week. We all know that when hens have frosted combs they will not lay eggs, so the idea with the low roof is to eliminate the air space above the heads of the fowls.

In caring for the two breeds above mentioned, it is a good plan to have a burlap curtain in front of the perches on extremely cold nights. Other small comb breeds are perfectly safe without a curtain. By removing your drop board and perches to the south in the summer time and removing your burlap curtain frames you have your poultry practically roosting out of doors. This makes necessary another door in the east side of the house, but it adds to the comfort of the fowls in excessively hot weather. It also helps to keep down mites as they do not like bright light and sunshine.

your house, dig a trench one foot deep around it and nail on one-foot mesh wiring. Then fill up your trench and you have Mr. Rat eliminated.

In building your nest boxes make them fourteen inches square with hinged tops. The idea is to make the nest boxes dark and you will never be troubled with egg-eating hens. This habit once formed is very hard to break. Feather eating hens or roosters should be removed from the flock at once. This often appears in yarded flocks and insufficient animal food is the cause. Feed beef scraps and milk and this trouble will not appear.

Those who intend to keep their early hatched pullets for winter must place them in their winter laying house at once. Avoid changes after pullets commence to lay. Removing your poultry out of trees into winter quarters in the fall will cause them to moult their feathers a second time. Consequently no eggs will be laid until the following spring. Push along your early pullets. These are your money makers next winter. Do not carry a lot of late hatched chickens. They simply eat their heads off and do not mature until next spring.

To prevent rats from infesting

concentrate for an effective defense of Lemberg.

Unofficial dispatches from Lemberg estimated the enemy's loss in dead, wounded and prisoners in Thursday's battle at Zuranzo at 40,000. Less than half the enemy's forces who crossed the river at that point escaped slaughter or capture.

AN ALLIGATOR IN FLATROCK

(By United Press.)

Earl, thirteen year old son of Mr. and Mrs. Frank Gilson, has captured an alligator in Flatrock and his home has been converted into a museum in the last few days. More than one hundred persons have called to see it. There has been considerable speculation how the alligator came to be in Flatrock. It is said that one or two escaped from the pond at the Innis & Pearce furniture factory during the 1913 flood and that they may have been living in the river ever since. The animal was found at the foot of Harrison street near the opening of the sewer. It is thought to be about a year old.

Amusements

The Mystic will show a two act society drama "Her Accusing Past" for the first picture tonight. It is said to tell a thrilling story. The other is a comedy entitled "The Fortune Tellers." On Monday night the two part drama "The Other Girl" will be shown.

The Princess will show a three reel feature "The Siren's Reign" for the program tonight. Alice Hollister Harry Millarde and Anna Nilson are featured. It is said to tell a thrilling story. On Monday night the five act feature "The Walls of Jericho" will be shown. Edmund Breese is featured and it is said to tell a thrilling story of English social life. The story revolves about a self-made millionaire who marries a lady of royal birth, whose associates in the smart set almost lead her to destruction.

The Gem offers one of those big laughs tonight in the two reel comedy "Hearts and Flames." Billy Ritchie is featured and this alone insures a funny picture. It is said to be one of the funniest pictures Ritchie has ever made. The other picture is a drama "His Last Trick." Helen Leslie is featured and it is said to be a powerful drama. Monday night "The City of Terrible Night" will be shown. King Baggot is featured.

The Barnum and Bailey Greatest Show on Earth, which comes to Indianapolis on Monday, June 14, claim to present this year "A Circus of All Nations," meaning one that is filled with all new features shown now for the first time and presented by 480 world-famed artists who represent every nation in the world. The entire world has been scoured by special Barnum and Bailey agents so that practically all the arctic stars that are really worth seeing take part.

The time-honored custom has always been to refer to each successive year's circus as "bigger and better than ever," but the phrase has become so hackneyed that, this year Barnum and Bailey hesitate to use it, despite the fact that it adequately describes the entertainment. More railroad cars are required to transport the show, bigger tents are raised, more area is needed to accommodate the show than ever before. In fact, the circus has reached a point where it is the despair of many of the smaller railroads and taxes their facilities to the limit, for eighty-five cars are needed to convey the gigantic canvas city from town to town.

There's material enough in this year's circus to make a dozen circuses of the old days. A "Big top" 680 feet long, nearly 1,500 employees, three rings, four elevated platforms, acres of aerial apparatus, the biggest stage ever erected for a dramatic presentation, a 110-cage menagerie, 750 horses, forty elephants, a street parade three miles long.

Among the novelties offered this season are the "Six Riding Hannafords," "The Paddrens," balancing, pyramiding and head jumping on the tops of burning lamps. "Pallenberg's Wonder Bears," "Adgie," and her den of nine performing African lions, Barnum and Bailey statue horses, Madam Bradau's Angel Horses. Three great herds of war elephants, trained and shown by the first and only lady elephant trainers. Besides these, are 60 aerialists, 60 riders, 60 acrobats and 60 clowns.

A wonderful prelude to this great circus is the presentation of the new magnificent, spectacular pageant, "Lalla Rookh" in which more than 1000 characters take part. Every one should get an early start on circus day in order to be there in time for the parade which starts at 10 A. M., and which is said to be three miles long.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear and imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

MR. JACK MOTTE, leading man with the Earl Hawk Stock Co.

On next Monday night the Earl Hawk Big Stock Company will open a week's engagement in Rushville giving exhibitions nightly in their big water proof tent theatre on the Base Ball Park.

The repertoire of the Hawk Company consists of the latest comedies, dramas, western thrillers and historical plays. On Monday night Mr. Hawk will produce for the first time in Rushville an entirely new society comedy, entitled "In His Power" in four acts.

Vaudeville specialties will be given between the acts, thereby doing away with the long, tiresome waits.

The tent and equipment carried by the Hawk Company is said to be the biggest and best ever seen in this section. Monday night only one lady will be admitted free with each paid 20c ticket. Doors open at 7:15; curtain at 8:15.

Foreign Competition

It has never been refuted that low duties give foreign producers the advantage in our domestic markets, because of cheapened labor. But the effect of Democratic free trade policy is rapidly developing a condition more to be feared.

The commerce reports, and information from other sources go to show that many Americans are finding it profitable to invest capital in foreign countries with a view to marketing their product in the United States. The erection of dried egg plants in China is an example. The establishment of purchasing and shipping agencies in Canada for cattle is another. Agricultural implements, placed on the free list by the Democrats, in an attempt to fool the farmer, are being manufactured in Canada with American capital and sent across the border. The farmer is not getting his farm machinery any cheaper. The American meat packers operating in Argentina are finding good pickings in our market, now that meat is on the free list. Many other instances are at hand.

So we learn that free trade not only develops foreign competition but

it beacons American capital to foreign climes which, under a protective tariff would find ready investment at home and give employment to American labor, which, in turn, would enhance the power of the American working-man to purchase the products of the farmer.

The Will Power

If any foreign country entertains a notion that this country is to be frightened from the pursuit of a course which it deems to be right and just, then that country is likely to receive a sudden shock and violent jolt.

The head in the white house contains too many brains for the United States to submit forever to being hectored and pestered and bullied by any nation on earth.

And the American people are solidly behind the president in his stand for national honor and rights upon the high seas.

We are not looking for trouble, we do not intend to seek it, and we will do our best to honorably avoid it, but if it is to be forced upon us then the aggressor will find that the lack of an army and proper equipment will not deter the American people for one moment.

No obstacle has ever yet been too great in the past for the American people to overcome, or surmount, and if it comes this will be no exception to the rule.

The American people have the will to do, and they will do.

The foe who attacks us will see our faces, and not our backs.

Medill McCormick, fountain head of the Progressive party in Illinois, the other day in Springfield sounded the death knell of the party in that state. He declared that industrial depression has proved the last straw in breaking down the third party movement. The trouble is Medill is a little late in finding this out.

Using the good people as their authority, many persons are predicting that the war is the beginning of the end. That's nothing to get excited about. Since we were not here at the beginning, we might at least find a unique experience in sliding off at the end.

Those estimable women who journeyed to Europe for the professed purpose of ending the war evidently failed to connect with the end.

We are promised another bumper crop for 1915. It suits us all right providing we can shave off all the bumps and make it all crop.

There are forty-eight stars in the American flag and every one of them stands for right, justice and humanity.

Italy is finding the water fine—or is it the blood!

NEW BOARD IS MAKING PLANS

Officers Who Will Have Charge of Compensation Law Quietly Getting Ready For Rush

BULLETIN BEING ISSUED

Has Already Prepared Many Blank

Forms to be Sent Out Over State—All Phrases Covered

(U. P. Staff Correspondent.) Indianapolis, Ind., June 12.—The Industrial Board of Indiana which will have the administration of the new workmen's compensation law is quietly but systematically getting ready for the rush of business that will come beginning September 1 when the new law goes into effect.

The board's ambition is to have its machinery so well oiled that when the tremendous influx of business begins, coming from every city in the state, it will handle the affairs of the new department without delay and confusion and without undue haste.

To this end the board members and their secretary Howe S. Landers, have tried to force each contingency. To gain an idea of the manifold duties of an office that will affect every employer and employee in the state, they have visited and studied the routine of the industrial boards of Illinois, Michigan and Wisconsin.

The office of the Industrial Board has been prepared for its duties much as a team is coached for a contest.

One of the chief occupations has been the preparation of a bulletin which is now in the hands of the state printer and which will be ready for the public in a few weeks. It will be Bulletin No. 1, "and we hope that it will be so comprehensive and so clear that another bulletin from this board will not be necessary for a year," said Mr. Landers. This bulletin will take up in detail the new law and will explain it as it applies to various classes of labor and employers.

Landers urged today that employers be asked to read the new law. He said it would mean money to them.

Another item that has proved a big task for the board has been the preparation of many blank forms to be mailed on request to laborers and employers. Among these blanks which are still with the printer, are forty which, it is believed, will take care of every form of difficulty that will confront the employees of Indiana under the law.

In other words, the board is seeking to make it possible for an employee to take advantage of the law without employing an attorney. Here is the procedure which an employee should go through in case he is injured while at work: He should write the board explaining his case; he should at once notify his employer of the accident. The proper blank form will be sent to him to be filled out. If he and his employer cannot between themselves come to an agreement as to compensation the matter will go before the board.

The board has made plans to take care of the needs of the employer. Similar blanks have been prepared for him, and all he needs to do is state his case and ask for the proper blank. Also, in case he desires to file an answer to the complaint of the laborer, the proper blank will be supplied him.

Employers and employees who do not desire to come under the act must so notify the board. Unless such notification is received thirty days prior to the accident, the law states that it is ineffective and the law applies. In case the accident occurs less than thirty days after the law goes into effect, such a notification received by the board on or before the law goes into effect will be effective.

However, the board does not anticipate that many employees or employers will take advantage of this opportunity to escape the law. For one reason, to escape the law in this manner removes from the employer three common law protections

that have operated. They are contributory negligence, neglect of a fellow servant and assumption of risk. The employer cannot plead these if he escapes the new law.

As Charles R. Hughes of the board expressed it, "Society has begun to realize that it must repair the man it has maimed just as the factory owner realizes he must repair the damaged piece of machinery." That, he explained, is the art of the new compensation law. It means the repair of men who have suffered in the line of service.

The members of the new Industrial Board are Edgar A. Perkins, chairman, of Indianapolis; Charles R. Hughes of Peru and Judge Samuel R. Artman of Lebanon. They are appointed for one, four and three years respectively.

The office of the board are on the first floor of the Statehouse, rooms 32, 33 and 34. The rooms are large and bright, but there are no consultation rooms for the board. The board has employed beside Secretary Landers seven clerks, which it believes will be ample to take care of the business.

USUAL ROUTINE HAS BEEN VARIED

Continued from Page 1.

Church Minneapolis, and the Fowler M. E. Church of Minneapolis. He has traveled extensively, having made 3 tours of Europe. These tours gave him a fund of knowledge beyond the library. He appreciates most thoroughly and enjoys hugely the traditional, artistic, and historic enshrined in European temple, song and story. His countless observations in travel have given additional value and interest to his lectures. They enforce his delightful epigrams with figure, imagery and illustration. His audiences always feel "A presence, a sense sublime of something."

Dr. Montgomery has been on the lecture-platform for a dozen years, both east and west, and no more successful, forceful and eloquent lecturer is before the American Public today.

Sunday night the program will be given, following a prelude, by Gay Zenola MacLaren. She is heralded as a genius in imitative recitals of famous plays. She attends only the production of a modern play five times, and then, without ever having read the original book or dramatization, or, in fact, any of the lines in any way, can go upon the Lyceum or Chautauqua platform and give an imitative recital of the entire production, impersonating every character. This, at once, places Miss MacLaren as an entertainer in a class entirely by herself. It is needless to try to compare her type of work to that of any other.

In preparing for her recitals she attends only great productions, sees the interpretation only by the best actors, and in the leading playhouses of her home city, New York.

Miss MacLaren frankly admits that her power is not the result of years of study and work, although it has taken close application and to develop and perfect it, but of a naturalborn gift for mimicry. She does not claim to originate the many characters she assumes, but to give a faithful reproduction of them, as portrayed by the great artists and their supporting companies in the original productions.

In order to do this work, one gift is absolutely necessary, without which years of study and training and even natural dramatic talent would be useless. That is, the power to change the voice to such an extent that the audience is able to distinguish between the characters the moment they are supposed to enter. Of Miss MacLaren's ability in this particular, the Brooklyn Daily Eagle has to say: "She has an almost ventriloquist power of changing her voice to portray a seemingly unlimited number of characters, and it is due to this rare and remarkable gift that she is able to present entire plays successfully."

SERVICE

Of the three essentials—strength, organization and service—afforded to clients of this Bank, SERVICE is not the least important.

The Bank's entire organization is permeated with the spirit of service. It is not enough to accept and safeguard the banking and trust business of clients; every effort is put forth to be of additional active service, within the Bank's proper sphere.

For example, the Bank, if appointed custodian of securities, will as agent sign ownership certificates required by the Federal Income Tax Law, collect dividends and coupons promptly as they mature, and either credit or remit the proceeds to the client; and will promptly notify him should any "rights" or other subscription privileges attach to the securities held.

Another example, clients are welcome to the Bank's facilities for investment and for investigating and analyzing the value of securities.

Many other examples of special service to clients might be mentioned, all of which would help to explain the rapid and substantial growth of this Bank's business.

EVERYTHING IS READY FOR OPENER

State League Will Get Under Way
Here Tomorrow With Rushers
Taking on Cincinnati.

SANDMAN WILL PLAY FIRST

As an added attraction at the ball game tomorrow the band with the Earl Hawk Stock company, which will show here next week, will give a concert. The stock company will also give every woman attending the game a free ticket for the opening night.

The Indiana State league will be opened here tomorrow and from all indications a large crowd will witness the first game. The attraction is the Perkins-Campbell team of Cincinnati, which team fought and won over Richmond in twelve innings last Sunday. Manager Davidson is especially anxious to cop this game and retain the lead in the league race. The game will no doubt be a pitcher's battle between Earl Hewitt for the Rushers and Werner for Cincinnati. There will be but one change in the Rushville lineup. Sandman will again be at his old position, first base. The game will be called at 2:45 o'clock.

DID NOT UNDERSTAND COMPARISON MADE

People Bombarded Board of Review
to Find Why Assessments on
Some Property Were \$900

REFERRED TO THE LOTS ONLY

The board of review has been bothered for the past few days by people living in Main street who do not seem to understand the assessments. Mention was made that the Joseph Cowing and O. L. Dale property was advanced to \$900 and the B. W. Riley property lowered to \$850 from \$1,000. These figures apply only to the lots and do not take into consideration the improvements and are not the total assessments against the property.

Several appeared before the board and asked why their assessments were so high compared with that of property mentioned. It was explained to them that the equalizing done by the board and the figures given applied only to the lots. The board has completed the work on Main street and is now taking up other streets in the city.

Eleven Candidates.

IS NEW THING FOR EARLHAM

(By United Press.)
Richmond, Ind., June 12.—Balloting for the three new alumni members of the Board of Trustees of Earlham college closed today. The votes are being cast among eleven candidates. The three highest will become members of the board. The results will be announced at the business session of the alumni association next Tuesday. The action of the Western Yearly Meeting of Friends, last fall made it possible to add three new alumni members to the board. Special significance is attached to the presence of the alumni on the board due to the controversy between Prof. Elbert Russell and president R. L. Kelly, which has not yet closed.

PAROLE LAWS PLAY BIG PART

Have Demonstrated Their Value in
Correctional System of State
According to Report

STATISTICS FOR 18 YEARS

Majority of Prisoners Obtain Regular Employment Following
Their Release

(By United Press.)

Indianapolis, Ind., June 12.—"Year by year the indeterminate sentences and parole laws are demonstrating their value as a part of the state correctional system. The laws were passed by the legislature of 1897 and statistics for 18 years are now available," states a bulletin of the state board of charities, made public today. It continued:

"Only such prisoners as are deemed capable of becoming law-abiding citizens and who have served their minimum sentence are released from prison under the parole law. Even then the release is conditional and for as long afterward as is thought advisable, within the limits of the maximum sentence, they are kept under supervision. Usually one does not receive final discharge until he has a satisfactory record of at least one year of freedom. The law therefore, provides the state with a practical means of testing one's profession of reform before actually releasing him from custody.

"In the 18 years that these laws have been in operation, men and women have been released under their provisions, an average of about 500 annually. The Reformatory has paroled 5,365 prisoners, the state prison, 3,414, and the Women's Prison, 255. Only 26 per cent of the whole number violated their paroles.

"Most of these paroled prisoners were unemployed men when their offenses were committed. As a rule, they were not regular wage earners. In prison they are taught habits of industry and they are not paroled till work was found for them outside. The reports advocate that during the time they were on parole they earned for themselves the sum of \$2,530, 199.40, to which should be added board and lodging received by many. After paying all their expenses they had on hand or due them at the time they ceased reporting an average of \$50.30 each. Instead, therefore, of being a charge on the public they were earning their own living and saving money.

"Of the 9,034 paroled, 5,422 served their parole satisfactorily and were given final discharge; 459 were discharged because their sentences expired while they were on parole; 154 died and 618 were under supervision at the time of the report. This leaves 2,381 delinquents constituting 26 per cent. The percentage of unsatisfactory cases was 25.7 at the Reformatory, 27.2 at the State Prison and 28.6 at the Women's Prison."

Deposed Bloomington Minister Again

HAS HAD STORMY CAREER

General Assembly of Presbyterian
Church Reversed The Indiana
Synod—Now in New York

(By United Press.)

Bloomington, Ind., June 12.—That opinion is divided in Presbyterian circles in the Indiana Presbytery as to the action that will be taken in the case of Rev. John R. Ellis, deposed pastor of the First Presbyterian church of this city was the statement made by prominent churchmen here today.

The Ellis case which has been one of the most sensational church cases in the state was brought up again a few weeks ago when the deposed minister received a verdict in his favor. He had carried his case before the general assembly, the highest Presbyterian body in the United States.

Ellis was asked to resign from the local church about two years ago because it was charged he had had relations with immoral women. Soon after the Indiana Presbytery, sitting as a court, banished Ellis from the church. The Synod of Indiana later upheld the Presbytery.

The General Assembly at its meeting two weeks ago reversed the case on a technicality. The climax in the case then came last week when the Monroe county grand jury returned an indictment of association against the minister.

It is expected that Ellis will apply for reinstatement at a meeting of the Presbytery next week. He is now serving as pastor of a Congregational church at Geneva, N. Y.

be instructed, according to the vote of the directors to consider the Indiana University extension department's plan of holding a community development course here during the coming winter. A representative will be here shortly and it is hoped to get the committee in touch with the idea. The course was held in several Indiana cities last winter with great success.

The president appointed a special committee to co-operate with the florists on decorating the streets and sidewalks with flowers. The most recent example of town beautifying by placing flowers along the sidewalk both in the residence and business sections is to be found in Milroy, where it has made a wonderful improvement. Other cities have been following such a plan for several years. Persons who have been in Milroy are imbued with the idea and believe it should be used here. The committee is composed of J. A. Tisworth, T. W. Betker, R. C. Hargrove and Link Guffin.

The motion was unanimously passed that the directors should hold monthly meetings every second Friday. Arrangements will be completed shortly for the collection of dues at the new rate, twenty-five cents a month.

WORD FROM GERARD IS EXPECTED SOON

Believed in Washington Berlin Ambassador Will Tell How Wilson Note Was Received.

SENTIMENT MORE FRIENDLY

Washington, June 12.—Word was expected from Ambassador Gerard at Berlin tonight or Sunday telling of the manner in which the German officials have accepted the tone of the American note. Up to this afternoon, no formal report had been received. Officials were very hopeful, however.

They have intimations that German sentiment is more friendly. They interpret the changed tone of the German press as indicating that the government now is anxious to spread a desire for pacific measures.

President Wilson, wearied with the efforts of the week, spent all of today resting. This morning he visited the golf course.

SECOND NOTE IN HANDS OF KAISER

Complete Text Clears Wires From Berlin and is Rushed to Headquarters in Galicia.

NO COMMENT MADE AT BERLIN

(By United Press.)
Berlin, (Via The Hague), June 12.—The second American note was in the hands of the kaiser today. The complete text cleared the wires from Berlin last night and was rushed to the emperor's headquarters at the Galicia battle front, being given precedence over all other dispatches, at the personal request of the emperor.

No official comment on the note accompanied the text sent the emperor. It is understood that the foreign office desires that the kaiser first study the full text and then communicate his own impressions to Berlin before the diplomats here suggest tentative 'outlines' for the German reply.

The friendly wording of the second note removed apprehensions that existed to some extent among Americans here.

DECLARE NOTE IS NOT AN ULTIMATUM

Berlin Newspapers Say it Does Not Exclude the Possibility of an Agreement.

FULL TEXT NOT PUBLISHED

By CARL W. ACKERMAN.
(Special to the Daily Republican.)

Berlin, June 12.—Berlin morning papers today informed their readers that the second American note is not an ultimatum and that it does not exclude a possibility of an agreement being reached.

They did not publish the text of the note which it was understood would be made public in afternoon papers today. Their comments were based on unofficial reports. One paper said an answer probably would not be dispatched to Washington within a fortnight to enable the special envoy of Ambassador Bernstorff to report to the government and the kaiser.

DR. DERNBURG SAILS TODAY

Unofficial Representative of Kaiser Leaves This Country.

(By United Press.)

New York, June 12.—Dr. Bernard Dernburg, traveling under a special safe conduct guaranteed by the allies, accompanied by his wife, sailed today on the Norwegian American liner Bergensfjord for Bergen, Norway.

The kaiser's unofficial representative in this country who for some months has carried on a campaign favoring Germany's position in the war declared he considered his work highly satisfactory.

SALLIE E. COLVIN IS DEAD

Succumbs at Home of Sister This Afternoon of Tuberculosis.

Sallie E. Colvin, age forty years, died this afternoon at the home of her sister, Mrs. Milton Wagner, in North Arthur street, of tuberculosis, following a long illness. The funeral will be held at the residence Monday afternoon at two o'clock, with Mahoning council No. 36 D. of P. in charge. The Rev. C. M. Yocum will be the minister. Mrs. Wagner was the only near relative living.

ARRESTED FOR ARSON.

(By United Press.)
Noblesville, Ind., June 12.—Ralph M. Crum, Cicero merchant, was arrested today on a grand jury indictment, charging arson.

According to word received here Mrs. Clifford S. Lee, whose infant daughter died in Indianapolis this week and was buried here, and who was in a critical condition, will likely recover although she is not yet out of danger of complications.
